**LICENSE FOR FOREIGN FILING UNDER  
Title 35, United States Code, Section 184  
Title 37, Code of Federal Regulations, 5.11 & 5.15**

**GRANTED**

The applicant has been granted a license under 35 U.S.C. 184, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" followed by a date appears on this form. Such licenses are issued in all applications where the conditions for issuance of a license have been met, regardless of whether or not a license may be required as set forth in 37 CFR 5.15. The scope and limitations of this license are set forth in 37 CFR 5.15(a) unless an earlier license has been issued under 37 CFR 5.15(b). The license is subject to revocation upon written notification. The date indicated is the effective date of the license, unless an earlier license of similar scope has been granted under 37 CFR 5.13 or 5.14.

This license is to be retained by the licensee and may be used at any time on or after the effective date thereof unless it is revoked. This license is automatically transferred to any related applications(s) filed under 37 CFR 1.53(d). This license is not retroactive.

The grant of a license does not in any way lessen the responsibility of a licensee for the security of the subject matter as imposed by any Government contract or the provisions of existing laws relating to espionage and the national security or the export of technical data. Licensees should apprise themselves of current regulations especially with respect to certain countries, of other agencies, particularly the Office of Defense Trade Controls, Department of State (with respect to Arms, Munitions and Implements of War (22 CFR 121-128)); the Office of Export Administration, Department of Commerce (15 CFR 370.10 (j)); the Office of Foreign Assets Control, Department of Treasury (31 CFR Parts 500+) and the Department of Energy.

**NOT GRANTED**

No license under 35 U.S.C. 184 has been granted at this time, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" DOES NOT appear on this form. Applicant may still petition for a license under 37 CFR 5.12, if a license is desired before the expiration of 6 months from the filing date of the application. If 6 months has lapsed from the filing date of this application and the licensee has not received any indication of a secrecy order under 35 U.S.C. 181, the licensee may foreign file the application pursuant to 37 CFR 5.15(b).

**PRELIMINARY AMENDMENT TO SPECIFICATION**

Commissioner for Patents  
P.O. Box 1450  
Alexandria, VA 22313-1450

Sir:

Prior to examination on the merits, the Office is respectfully requested to enter the following amendment to the specification of the above-referenced application. The amendment corrects an informality in the claim for priority. The amendment is fully supported by the application as filed and does not constitute new matter. The amendment is proper and should be entered.

## **AMENDMENTS TO THE SPECIFICATION**

In the specification, at page 1, lines 2 - 6, in the paragraph of the application concerning "Cross-reference to Related Applications", please delete the existing paragraph and replace the deleted paragraph with the following paragraph after implementing the following changes:

The present application claims priority to co-pending U.S. provisional application Serial No. 60/396,263<sup>3</sup>, filed July 15, 2002, and is a continuation-in-part that claims priority to co-pending U.S. Application Serial No. 09/613,430, filed July 10, 2000, the disclosures of each of which applications, including the specification, claims, drawings and sequences, are specifically incorporated herein by reference without disclaimer.

### REMARKS

The present application was filed with clear claims for priority in the opening paragraph of the specification concerning the cross-reference to related applications. Both claims for priority were not reflected on the Filing Receipt received from the Office and Applicants requested a Corrected Filing Receipt.

The request for a Corrected Filing Receipt was initially denied. In telephoning the P.T.O., Applicants were advised to enter an amendment to specify that the present application is a "continuation-in-part" (rather than a continuation or divisional). Applicants have therefore made the required amendment.

A second Request for a Corrected Filing Receipt is included herewith and Applicants respectfully request that the timely and proper claims for priority be listed on a Corrected Filing Receipt.

The amendment is supported by the application as filed and does not constitute new matter. The amendment complies with 37 C.F.R. § 1.121 and § 1.115 and entry of the amendment is proper. No fees are due in connection herewith. Should the Office have any questions or comments, a telephone call to the undersigned Applicants' representative is earnestly solicited.

Respectfully submitted,
